MIRTEC RELEASES ONLINE PRODUCT PRESENTATIONS

FOR IMMEDIATE RELEASE:

OXFORD, CT - August 2010 – MIRTEC, the “Market Leader in Inspection Technology,” has released PowerPoint presentations for each product series featured on its Web site. The presentations were designed to provide a detailed description of MIRTEC’s products and services to potential and existing customers. To view the presentations, navigate to the desired product under the “Products” tab and select the “Presentation” tab from the product information panel. Presentations are available for the following product lines:

- MV-2HT Desktop AOI Series
- MV-3 Desktop AOI Series
- MV-7 In-Line AOI Series
- MS-11 In-Line SPI Series

The Flash presentations feature controls that allow the user to pause the presentation, advance, backup and control music volume. One of the most versatile playback features is the ability to navigate to a desired slide within the presentation by clicking on the “Thumbnails” tab.

Brian D’Amico, President of MIRTEC Corp., said, “As the manufacturing process becomes increasingly more complex, many competitive systems are fast approaching obsolescence. MIRTEC’s engineering team, however, is committed to bringing new and innovative inspection solutions to the market. The new on-line presentations will keep customers up-to-date and enable them to learn more about MIRTEC’s latest cutting-edge inspection systems.”
