Christopher Associates Signs Agreement with First EIE

(Santa Ana, CA)

Christopher Associates Inc. (Santa Ana, CA) today announced an agreement with **First EIE S.A.** (Geneva, Switzerland) to distribute and provide engineering support for their photoplotters and ink jet printing systems in the North American printed circuit fabrication and assembly markets.

First EIE S.A., founded in 1979, were recently declared the leading supplier of photoplotters in the global market in a recent survey conducted by JPS in Japan, with over 500 installations globally. The CP 400 Series ink jet printers feature excellent image acuity at high speeds with a global installed base.

Christopher Associates has located a complete spare parts inventory in Santa Ana with engineering support throughout North America.
