PHOTO STENCIL ATTENDING SMTA VENDOR DAY SHOWS

Stencil company showcasing products and services

COLORADO SPRINGS, Colorado – February 28, 2007 – Photo Stencil, a leading provider of premium stencils and additional high-end tooling for the SMT assembly industry, announces its presence at four upcoming Surface Mount Technology Association (SMTA) shows. These vendor days are designed to showcase products of SMT materials and services providers.

Photo Stencil will be attending and exhibiting at the following shows:

- March 14 – Arizona-Sonora SMTA Vendor Day Show
 - Embassy Suites Hotel, 4400 South Rural Road, Tempe, AZ
 - Exhibit Hours: 11:00 AM - 4:00 PM

- March 21 – Dallas SMTA Vendor Show
 - Richardson Civic Center, 411 West Arapaho Road, Richardson, TX
 - Exhibit Hours: TBA

- March 23 – 7th Annual Houston SMTA Vendor Show
 - 7575 North Sam Houston Parkway West, Houston, TX
 - Exhibit Hours: 12:00 Noon - 5:00 PM

- April 19 – 11th Annual Atlanta SMTA Expo
 - Gwinnett Civic and Cultural Center, 6400 Sugarloaf Parkway, Duluth, GA
 - Exhibit Hours: 9:00 AM - 3:00 PM

The Surface Mount Technology Association, established in 1984, is a non-profit international association of companies and individuals involved in all aspects of the

electronics industry. The association is dedicated to the advancement of the industry through member education and interaction.

Photo Stencil

Photo Stencil is a full-service provider of high-performance stencils and tooling for the surface mount technology (SMT) assembly industry. Photo Stencil's technology includes the patented AMTX E-FAB[®] electroformed stencils, the new high-performance proprietary NicAlloy[™] stencil, laser-cut stencils and chem-etch stencils. Step or multilevel stencils are available in all three of the stencil technologies. Stencil design support and customer specific design libraries are provided.

Other SMT tooling includes thick film and metal mask screens. Photo Stencil offers a complete line of squeegee blades, featuring the patented E-Blade[®] electroformed squeegee blade. Solder pallets, SMT process carriers and populated PCB inspection templates are also available.

Headquartered in Colorado Springs, Photo Stencil was founded in 1979 and currently holds many patents and trademarks, such as AMTX E-FAB electroformed stencils. The company has additional manufacturing facilities in Mexico and Malaysia. More information is available at www.photostencil.com.

E-Blade, E-FAB and NicAlloy are trademarks of Photo Stencil.
