## Factronix GmbH - An Official KYZEN Partner and Distributor

**NASHVILLE — February 2016 —** KYZEN is pleased to welcome aboard Factronix GmbH, a leading specialist in electronics assembly manufacturing. Factronix is now an official partner and distributor of KYZEN specialty cleaning products for the electronics and semiconductor industries.

As part of the partnership, Factronix will promote, sell and support the full range of high-performance cleaning products throughout Germany and Austria, as well as draw on KYZEN's technical resources in support.

A crucial factor in the Wörthsee-based distributor's suitability for the role is its philosophy of fully understanding customer needs and providing high levels of technical support.

Factronix has established and developed a reputation as one of the leading electronics assembly industry experts, particularly in the area of soldering and cleaning, achieved by forging strong partnerships with customers and suppliers alike. Factronix's ability to provide expert support to its customers in an increasingly competitive market is further enhanced through this partnership.

Thomas Otto, Factronix's CTO, said, "Being appointed KYZEN's distributor for Germany and Austria is a highly valued and significant development for us. KYZEN has pioneered environmentally responsible cleaning technologies since 1990. Their reputation for customer focus as well as delivering value-driven solutions is very much in line with our philosophy. Working closely with KYZEN's technical support team strengthens our own ability to deliver the very highest levels of service and support to our customers."

"We are pleased to have the Factronix team working on behalf of KYZEN in Germany and Austria," said R. Erik Miller, KYZEN's Executive Vice President for Sales. "KYZEN is focused on the critical juncture where science and care converge to bring world-class technology and service to our customers. Factronix shares our passion about adding value to our customers' operations, and we look forward to working together."

KYZEN® is a registered trademark in the United States and other countries.

###

### About KYZEN

KYZEN is a global leader in providing environmentally responsible, RoHS compliant precision cleaning chemistries for industries ranging from electronics and advanced packaging to metal finishing and aerospace applications. Since its founding in 1990, KYZEN's innovative cleaning technologies, scientific expertise and customer support have been repeatedly

recognized with the industry's most prestigious awards. For more information, visit [www.kyzen.com](http://www.kyzen.com).

### **About Factronix GmbH**

Engaged in electronics production, Factronix GmbH provides a wide range of products and services, including solder paste, solder wire, flux, soldering equipment and dosing. The company also provides electronics repair and cleaning of circuit boards and electronics, along with stencil cleaning, PCB cleaning and soldering services. Further services include BGA test, rework and soldering. Factronix's technologies and services are optimized through its many years of experience, and the company strives to exceed customer expectations.
