KYZEN Awarded for New Industry 4.0 Enabled KYZEN ANALYST™ at NEPCON China

NASHVILLE — April 2017 — KYZEN is pleased to announce that it has been awarded a 2017 EM Asia Innovation Award in the category of Software – Process Control Systems for its KYZEN ANALYST™ Real-Time Concentration Monitoring & Reporting System. The award was presented to the company during an April 26, 2017 ceremony at the Shanghai World Expo Exhibition & Convention Center during NEPCON China.

"Our industry is eager to embrace Industry 4.0 concepts and capabilities, and this award is recognition of KYZEN'S leadership in bringing cleaning processes into this new data enabled world," said Tom Forsythe, KYZEN's Executive Vice President. "KYZEN's ANALYST is the first of many oncoming innovations in this area to support our best-in-class cleaning materials around the world."

The KYZEN ANALYST makes concentration monitoring faster, safer and more precise while saving critical time and money. Providing real-time access to data, analytics and reporting anytime, anywhere, the KYZEN ANALYST makes retrieving, logging and charting SPC reports fast and user-friendly. Additionally, it provides complete monitoring of wash bath concentration.

The KYZEN ANALYST is the first of its kind, state-of-the-art wash bath concentration monitoring and reporting system that maximizes performance of virtually all chemistries, not just a few. The KYZEN ANALYST uses direct measurement technology, a high-precision measurement technique that includes fast and stable analytical methods that are independent of conductivity, color and transparency of the process liquids. These results are available online and are updated every second.

Established in 2006, the EM Asia Innovation Awards program strives to recognize and celebrate excellence in the Asian electronics industry, inspiring companies to achieve the highest standards and push the industry forward.

The KYZEN ANALYST features a user-Friendly 4.3" LCD Touchscreen Interface, Ethernet / WiFi connection, and is Industry 4.0 Enabled to easily collect and exchange data. For more information, visit www.kyzen.com.

About KYZEN

KYZEN is a global leader in providing environmentally responsible, RoHS compliant precision cleaning chemistries for industries ranging from electronics and advanced packaging to metal finishing and aerospace applications. Since its founding in 1990, KYZEN's innovative cleaning technologies, scientific expertise and customer support have been repeatedly recognized with the industry's most prestigious awards.
