

Ucamco upgrades its Gerber Format Specification Manual

Gent, Belgium - December 5th, 2017

Karel Tavernier released version 2017.11 of the Gerber Format Specification and version 2017.10 of the proposal to include fabrication documentation in the Gerber format. Both documents are available on Ucamco's Downloads page (<https://www.ucamco.com/downloads>).

About Ucamco

Ucamco (formerly Barco ETS) is a market leader in PCB CAM software, photoplotting and direct imaging systems, with a global network of sales and support centers. Headquartered in Ghent, Belgium, Ucamco has over 25 years of ongoing experience in developing and supporting leading-edge photoplotters and front-end tooling solutions for the global PCB industry. Key to this success is the company's uncompromising pursuit of engineering excellence in all its products. Ucamco also owns the IP rights on the Gerber File Format through its acquisition of Gerber Systems Corp. (1998).
