KYZEN Discusses New Long Bath Life Assembly Cleaner at the SMTA West Penn Expo

NASHVILLE — March 2019 — KYZEN, the global leader in innovative environmentally friendly cleaning chemistries, will exhibit at the at the SMTA West Penn Expo & Tech Forum, scheduled to take place Tuesday, April 2, 2019 at the DoubleTree in Monroeville, PA. KYZEN representatives will discuss the new AQUANOX A4727 Next Generation Aqueous Assembly Cleaner.

AQUANOX A4727 is the result of thousands of hours of laboratory tests and “live” beta site testing scientifically validating the outstanding RINSABILITY, extended BATH LIFE and consistently reliable, long-term PERFORMANCE advantages. This stable chemistry is proven to be compatible on a wide variety of components, coating, labels and equipment.

AQUANOX A4727 is engineered to be effective, stable and predictable, all day, every day. It is designed for reliable production and assembly operations. The chemistry provides a stable pH and predictable compatibility throughout its long bath life.

Environmentally responsible, AQUANOX A4727 is non-hazardous and biodegradable. It contains no CFCs or HAPs and can be used at low concentrations to effectively remove even the toughest soils, and rinse easily and completely. This easy to control and cost-effective solution is a good choice for both in-line and batch cleaning systems.
