PENANG MALAYSIA - April 2019 - The Mexican experts are expecting an eventful machine demonstration- 3D AOI Roadshow, organized by ViTrox and SMTto on 30th April 2019 to 3rd May 2019 (9am-5pm) at SMTto Engineering Office in Guadalajara, Mexico.

[ViTrox Technologies](http://www.vitrox.com), with an aim to map out the clearer overview of [V510i Optimus 3D AOI system](http://www.vitrox.com), the next generation solutions for the SMT line with proficient 3D inspection capabilities, and [V-ONE](http://www.vitrox.com), the latest Industrial 4.0 Smart Solutions, decided to conduct the roadshow in a one to two hours one-to-one demonstration to each slot throughout the event. At the appointed time, AOI technical specialist from ViTrox will be assigned to explicate the best practice of 3D AOI, provide technical expertise and demonstrating the machine features to the customers.

This event ensures that the SMT line experts with two key takeaways- understand the contributions of the AOI system in SMT inspection process and learn the improvement of the

manufacturing process through V-ONE, the Industrial 4.0 Smart Solutions- that will maximize their production throughput and achieve quality-ensured inspection results simultaneously.

Seow Zi Yang, the Senior Manager of ABI Business Development from ViTrox proclaimed, "It is a great opportunity to help the Mexican manufacturers learn the importance of our AOI system and V-ONE in fulfilling the customer's satisfaction in today's challenging market."

Before the roadshow gets fully booked, visitors are encouraged to make reservations through Carlos Ponce at +521-3338145530 (carlos.ponce@smtomx.com) or Alejandro Olivar at +521-3314744035 (alejandrolivarsmtomx.com) soon (limited slots available!). They may also visit <http://smtomx.com/> for more details.
