AIM Appoints Jesus Ruiz to the Position of Technical Applications Engineer

September 19th, 2017 — Cranston, Rhode Island USA - AIM Solder, a leading global manufacturer of solder assembly materials for the electronics industry, is pleased to announce the appointment of Jesus Ruiz to the position of Technical Applications Engineer. Jesus will provide technical support to AIM customers in Mexico's Northeast Region.

Jesus Ruiz is an Industrial Engineer with more than twenty years of experience in the SMT industry. Having excelled in a wide range of roles, including product development and manufacturing, Jesus will support AIM customers in Nuevo Leon, Tamaulipas, and Coahuila.

“We’re pleased to welcome Jesus to our growing technical support team,” said AIM’s Technical Support Director, Carlos Tafoya. “We’re confident that he will provide exceptional support to AIM customers in the Northeastern region and we look forward to his valuable contributions.”

Jesus Ruiz can be reached via email at jruiz@aimsolder.com.

About AIM

Headquartered in Montreal, Canada, AIM Solder is a leading global manufacturer of assembly materials for the electronics industry with manufacturing, distribution and support facilities located throughout the world. AIM produces advanced solder products such as solder paste, liquid flux, cored wire, bar solder, epoxies, lead-free and halogen-free solder products, preforms, and specialty alloys such as indium and gold for a broad range of industries. A recipient of many prestigious SMT industry awards, AIM is strongly committed to innovative research and development of product and process improvement as well as providing customers with superior technical support, service and training. For more information about AIM, visit www.aimsolder.com.
