**ANDA wins third consecutive award for AP-460 Cleaning System**

**FREMONT, CALIFORNIA — February 2019** — Anda Technologies, a leading provider of fluid application and custom design manufacturing equipment, is pleased to announce that it was awarded a 2019 NPI Award in the category of Cleaning Equipment for its AP-460 Cleaning System. The award was presented to the company during a Tuesday, Jan. 29, 2019 ceremony that took place at the San Diego Convention Center during the IPC APEX EXPO.

The technologically advanced AP-460 removes all impurities and contaminants (including dust, grease and dirt, as well as static electricity), improving surface area adhesion.

The unique, high-speed AP-460 is a low-cost, in-line, atmospheric plasma system. It is equipped with IPC + motion control card and Windows 7 OS, as well as two programming modes to meet various needs. With a maximum movement speed of 800mm/S and working speed of 500mm/S, the fast and efficient system can increase productivity.

The AP-460 also was recognized in 2018 by the Global Technology Award and Mexico Technology Award programs.

Premiering in 2008, the NPI Awards program is an annual celebration of product excellence in electronics surface mount assembly. Premier products based on the finest examples of creative advancement in technology are chosen by a distinguished panel of industry experts.
