FOR IMMEDIATE RELEASE

BTU International Hires Representation for New York, New Jersey and Eastern Pennsylvania

NORTH BILLERICA, Mass., March 18, 2019 — BTU International, Inc., a leading supplier of advanced thermal processing equipment for the electronics manufacturing market, is pleased to announce that it has hired JT Technologies as its newest manufacturers' representative. John and Tom Kintner will represent BTU's PYRAMAX reflow ovens in the states of New York, New Jersey and Eastern Pennsylvania.

“We are fortunate to have such experienced representatives to serve our customer base,” said Rob DiMatteo, Regional Sales Manager at BTU International. “We know Tom and John will continue the high standards of customer service BTU is known for.”

Based in New York, JT Technologies provides technical sales representation for equipment used to assemble, solder, clean, inspect and test printed circuit boards. John and Tom Kintner have more than 50 years of combined experience working in the electronics industry in their territory.

For more information about JT Technologies' products and services, call 607-773-1214 or visit www.jttech.net.

About BTU International

BTU International, a wholly-owned subsidiary of Amtech Group (Nasdaq: ASYS), is a global supplier and technology leader of advanced thermal processing equipment in the electronics manufacturing market. BTU's high-performance reflow ovens are used in the production of SMT printed circuit board assemblies and in semiconductor packaging processes. BTU also specializes in precision controlled, high-temperature belt furnaces for a wide range of custom applications, such as brazing, direct bond copper (DBC), diffusion, sintering and advanced solar cell processing. BTU has operations in North Billerica, Massachusetts, and Shanghai, China, with direct sales and service in the U.S.A., Asia and Europe. Information about BTU International is available at www.btu.com.
