Count On Tools, Inc. Breaks Ground on 5,000 ft.² Expansion to Round Off its 25th Year

GAINESVILLE, GA — December 2016 — Count On Tools, Inc. (COT), a leading provider of precision components and SMT spare parts, is pleased to announce that the company's 25th year in business has been one of tremendous growth and expansion. Earlier this year, COT purchased the suite next door. The company has knocked down the walls and broken ground on the 5,000 ft.² expansion.

In conjunction with the expanded footprint, COT plans to add five to six new machines to increase its manufacturing capacity. Furthermore, the company has added a second shift crew to keep up with demand.

The market and electronics industry as a whole continues to push the boundaries of design and innovation, which provides constant motivation for Count On Tools to evolve. This has fueled the team's passion to not only offer products, but create solutions for everyday problems in the industry. President Curt Couch said, "It has always been exciting to develop new ideas with my team here at COT. We have such great people employed here, and I am honored to work with them. COT is an exceptional company because we handle adversity so well. We are never afraid of change and we are able to quickly adapt to most circumstances, including new challenges from customers."

Count On Tools manufactures high-quality, low-cost pick-and-place nozzles and associated components for the SMT and electronics manufacturing industries. Proven engineering expertise, coupled with the company's commitment to manufacturing excellence and investment in the latest production equipment, ensures that innovation and competitiveness is applied to all of its extensive product range.

Count On Tools continues to offer original rework services as well as custom tooling/nozzle design services and new nozzle offerings. Each year, the company produces thousands of custom nozzle designs for an array of components, from LEDs to connectors and switches.
