FOR IMMEDIATE RELEASE

Count On Tools Signs Representative Agreement with SW Systems Technology

GAINESVILLE, GA — July 2019 — Count On Tools, Inc. (COT), a leading provider of precision components and SMT spare parts, announces that has signed an agreement with SW Systems Technology as its representative for Mexico, Canada and portions of the Southwest U.S.

“We are already off to a great start,” stated Curt Couch, Vice President, Count On Tools. “Dee Claybrook’s manufacturing experience should prove to be invaluable for that side of our business.”

Count On Tools is a leading provider of precision machined components, SMT spare parts and Swiss-made hand tools, locally and globally. The company has won numerous awards for its quality products and service.

In its 30th year, Southwest Systems Technology, Inc. has offices in Texas and Mexico, serving the electronic and semiconductor manufacturing industries. The company offers industry-leading capital equipment, benchtop tools and manufacturing consumables.

For more information about Southwest Systems Technology, contact Scott Fillebrown at Scott@SWSystems.com or visit www.swsystems.com.

###

About Count On Tools Inc.

Count On Tools Inc., a precision component manufacturer specializing in all aspects of the machining industry, has been setting new performance standards in the SMT pick-and-place nozzle market since 1991. As the ORIGINAL source for high-quality, low-cost vacuum placement nozzles and associated consumables, they have pioneered with world-class development and process engineers that combine to ensure that innovation and competitiveness is applied to all of its extensive product range. The company also stands behind its products 100% with a full warranty. Count On Tools’ products are in use at many of the world’s leading electronics manufacturing companies. Proven engineering expertise, coupled with the latest in design and manufacturing

technology, has allowed the company to simplify the complexities of the industry and deliver a solution to its customers.

The company also maintains and supports a strong position in the hand tool industry, offering the highest quality hand tools in the world with PB Swiss Tools. These tools compliment any and all high-tech environments requiring optimum performance from both their equipment and technicians.
