

## PHOTOMASK MAKER **COMPUGRAPHICS** ANNOUNCES NEW HIRE AND SALES OFFICE

WATERBURY, Conn, USA, October 16, 2018 – Compugraphics, a leading photomask manufacturer based in the US, UK, and Germany, and a business operated as a division of MacDermid Enthone Electronics Solutions, is pleased to announce the opening of a sales office in Singapore and the appointment of a new Director of Sales.

Mark Teo has joined Compugraphics as the Director of Sales Asia Pacific and comes to them with 10+ years of experience in the photomask industry and extensive semi-conductor knowledge. Compugraphics' migration arises from the desire to mesh an expanded array of opportunities in the Asia Pacific region with a greater global presence for client support. Walt Laskow, Vice President and General Manager, said "By having a physical presence in Singapore, we are confident of adding tremendous value, competently coordinating client-focused projects, and providing better support for the cycle of design-through-production, to all of our customers located in Asia Pacific.

The new sales office is located at:  
Compugraphics International Ltd  
14 Joo Koon Crescent  
Singapore 629014  
Tel: +65 6430 0728

### **About Compugraphics**

Compugraphics is one of the most highly regarded and established photomask suppliers, specializing in photomasks and reticles for the semiconductor, optoelectronics, Micro-Electro-Mechanical (MEM) and biomedical applications. Photomasks are high precision plates made out of glass with a chrome layer on one side, usually containing microscopic pictures of electronic circuits etched into the chrome. They are produced according to customer designs at manufacturing facilities in the United States, United Kingdom, and Germany.
