Teresa Moschella Joins Conecsus Customer Service and Commercial Team, Providing Metals Waste Recycling Solutions

Terrell, Texas, USA -- Conecsus, LLC, an innovative environmental technology and recycling company, announces the appointment of Teresa M. Moschella to the position of Customer Service Specialist with Conecsus' Customer Service and Commercial Team. Teresa brings broad-ranging experience in sales and service in the Automotive industry and others, where she honed her professional experience and skill sets.

Teresa comes to Conecsus from her hometown of Altoona, Pennsylvania, where she began her career in sales at a local retail store. Within two years she was promoted to Store Manager, and led her team to many successes while she implemented new practices and procedures to improve business and increase profit. She held sales and customer service positions in several industries including Automotive, where she was constantly one of the top grossing sales people and received many accolades and awards.

In making the announcement, Tom Mitchell, Conecsus LLC's North American Business Manager, said, "We welcome Teresa to our team of customer service specialists. Teresa's diverse experience, and her dynamic drive to achieve excellence in everything she does for the customer, will make her a valued asset to our team. Our goal is to match our customers with the very best recycling and waste management programs to suit their individual needs. We look forward to working with Teresa."

With patented, advanced recycling technologies, Conecsus keeps its customers compliant with local, state, and federal regulations while decreasing their carbon footprint and reportable waste streams. Conecsus, LLC is a sophisticated 'green' recycler and refiner of SMT solder/solder paste wastes and residues, as well as Tin, Lead, Silver, Gold, and Copper from a variety of manufacturing industries. Conecsus converts these wastes into usable metal products.
