

Press release

Kurtz Ersa Inc. Announces Selective Soldering Application Training Course in Oct.

Plymouth, WI — September 2018 — Kurtz Ersa Inc., a leading supplier of electronics production equipment, today announced that it will hold an ERSA Versaflow 3 Selective Soldering Level II Application Training Course from Wednesday, Oct. 3, 2018 at 1 p.m. to Friday, Oct. 5, 2018 at 12 p.m. at its Plymouth office. The course will provide the knowledge and hands-on experience required for process application and programming on the Versaflow 3 selective soldering machine.

The application course provides instructions to properly optimize the Versaflow systems with minimal or zero defects at the highest throughput possible.

Training course topics will include:

- Advanced Process Understanding
- Flux / Preheat / Solder Process Overview
- Lead-Free Solder Alloys
- Process Requirements and Limitations
- ERSAcad3 Offline Programming
- Program Troubleshooting

Students that successfully complete the course will receive a certificate upon completion. For more information or to register for the course, e-mail Chad Suckow at chad.suckow@kurtzersa.com.
