Kurtz Ersa Inc. Expands Its North American High-Tech Demo Center

Plymouth, WI — July 2018 — Kurtz Ersa Inc., a leading supplier of electronics production equipment, is pleased to announce that it has invested in its facility in Plymouth to expand the demo room to 3,000 ft². Additionally, the company added on offices and an extra training conference room.

Ersa Vice President of Sales – North America Ernie Grice commented, “This expansion better enables us to react to our customers’ needs for enhanced training and process development as well as meet their needs for additional equipment such as X-ray and the full line of Ersa equipment.”

Around the world, Ersa customers and business partners have access to spacious demonstration, application and training centers outfitted with the most modern equipment. There are seven Ersa Service Centers of this kind in total, all of them boasting the complete soldering systems product portfolio, as well as the Ersa tools, rework and inspection business line.

In all Ersa Service Centers, experienced application engineers are ready to demonstrate the Ersa hardware and test it for specific purposes.
