

Kester Launches NF1060-VF Eco-Friendly Soldering Flux

ITASCA, IL – February 19, 2018

Contact: Michelle O'Brien, Marketing & Communications Specialist

Kester is proud to announce the launch of NF1060-VF, a new addition to Kester's No-Clean, VOC-Free product line. NF1060-VF is a zero-halogen (none intentionally added) wave soldering flux that maintains its soldering performance achieving excellent through-hole fill and low-defect soldering of lead-free electronic circuit board assemblies. NF1060-VF is ORM0 per J-STD-004B, VOC-Free for lower VOC emissions and has a low solids content which prevents clogging or buildup around flux spray nozzles.
