

Kester to Exhibit at the SMTA Guadalajara Expo Forum 2016

ITASCA, IL — September 27, 2016

Contact: Michelle O'Brien, Marketing & Communications Specialist

Kester will be exhibiting (booth #39) at the SMTA Guadalajara Expo Forum 2016, which will take place October 5-6 at the Hotel RIU in Guadalajara.

Kester's booth will offer attendees the opportunity to meet with the R&D and sales teams, and learn more about Kester's new products, including [NP545](#) a zero-halogen, lead-free, no-clean solder paste with a 1 year (in both refrigerated and room temperature conditions) shelf life; and [SELECT-10](#) a zero-halogen no-clean liquid flux designed specifically for the needs of the selective soldering process.

For more information on the show, please click [here](#), or contact Francisco Barajas at fbarajas@kester.com

###

Kester is a global supplier of assembly materials for the Electronic Assembly and Semiconductor Packaging industries. Kester is focused on delivering innovative, robust and high-quality solutions to help our customers address their technological challenges. Kester's current product portfolio includes soldering attachment materials such as solder paste, soldering chemicals, TSF (tacky solder flux) materials, and metal products such as bar, solid and flux-cored wire. Kester is an Illinois Tool Works (ITW) company. ITW is a Fortune 200 company that produces engineered fasteners and components, equipment and consumable systems, and specialty products. It employs approximately 49,000 people, and is based in Glenview, Illinois, with operations in 57 countries.
