Koh Young Singapore Relocates Office to Pasir Panjang, Singapore

Seoul, South Korea -- 3D inspection technology leader Koh Young Technology announces the relocation of the Koh Young Singapore office to Pasir Panjang, Singapore. The new office will serve as a sales, training, service and application support facility for Koh Young's best-in-class 3D Solder Paste Inspection (SPI), Automated Optical Inspection (AOI) systems, and Smart Factory solutions.

"We have seen our growth accelerate in recent years in Southeast Asia since we opened our Singapore office in KA Place, Singapore, in December 2013," said Peter (Jong Hoon) Shin, General Manager of Koh Young Singapore. "Our new office space is 20 percent larger than our previous office, and allows us to continue to enhance our ability to serve our customers at the highest levels. It provides more space for training, machine demonstrations and application support, and empowers our customers to derive the greatest advantage from their Koh Young equipment. Our goal is to always help our customers increase productivity and efficiency by improving their manufacturing process."

Koh Young Singapore is now located at 108 Pasir Panjang Road, Golden Agri Plaza #03-13, Singapore 118535, Tel. +65 6634 2814. For more information, email kohyoung@kohyoung.com or visit www.kohyoung.com.
