FOR IMMEDIATE RELEASE

Libra Industries' program manager celebrates 10-year anniversary

MENTOR, OH — August 2018 — Libra Industries, a privately held electronics manufacturing services (EMS) provider, is pleased to announce that the company recognized the 10-year anniversary of Program Manager, Veronica Felker.

Felker is the face of Libra Industries for many customers. In lieu of the all-expense paid cruise offered by the company, Felker decided to take a trip with her family to Lake Michigan. She commented: "I cannot say enough about how much I enjoy working at Libra. The people and the culture make it more like a family."

Libra Industries is dedicated to investing in people, quality systems and the latest manufacturing technology and processes. The company emphasizes that employee satisfaction is equally important as customer satisfaction. Personal and professional growth are important to Libra Industries, and employees know their value.

Libra Industries continues to invest to provide customized manufacturing solutions to help make its customers more competitive and improve their profitability. For more information, visit www.libraind.com.

About Libra Industries

Libra Industries is a leading provider of integrated Electronic Manufacturing Services (EMS), serving OEMs with complex or technologically sophisticated manufacturing requirements in a broad range of industries including industrial automation, medical, military and aerospace, instrumentation and LED lighting. Four world-class manufacturing facilities allow Libra Industries to provide customers with manufacturing flexibility including complete system build, module and subassembly production, as well as simple to complex PC board assembly. With an ongoing commitment to investment in people, quality systems, and the latest manufacturing equipment and processes, Libra Industries is committed to managing their clients' products from initial design and prototype to full production; assisting their clients in their efforts to improve time to market, reduce total systems cost, and increase quality.
