NEO Tech Achieves Milestone - Completes Three Millionth Crestron Product Build

CHATSWORTH, CA – October 10, 2018 – NEO Tech announces that it built its three millionth product for Crestron Electronics Inc. The milestone was achieved earlier this month.

Arturo Mendiola, VP of Operations at NEO Tech, said, “We are pleased to have built our three millionth unit for Crestron. This is a significant achievement for our team, and we are proud to continue our relationship with such a committed partner.”

NEO Tech is one of Crestron’s strategic electronics manufacturing and supply partners that enables the company to deliver integrated technology solutions to automate and control buildings. These solutions provide greater comfort, convenience and security to the government, business and universities that use the Crestron products.

Keith James, Director of Strategic Supply Chain and Mfg. Ops. at Crestron Electronics, Inc., said, “NEO Tech’s ability to execute and can-do attitude has been an important key to the success of our relationship. The milestone achieved this month is a result of the synergy and teamwork between our teams.”

Based in Rockleigh, NJ, Crestron Electronics, Inc. has created automation solutions that improve efficiency and productivity since 1971. The company engineers solutions for every market including control systems, audio/video distribution, lighting control, enterprise management systems, GUI design software and more. About NEO Tech

We make amazing things happen.®

9340 Owensmouth Ave.
Chatsworth, CA 91311
818-495-8617
www.neotech.com

NEO Tech combines the strengths of three leading contract manufacturers: NATEL, EPIC, and OnCore. With over 40 years of heritage in electronics manufacturing, NEO Tech focuses on low-medium-volume/high-mix, high-complexity products primarily in the medical, defense/aerospace and industrial markets.

NEO Tech is favorably positioned among mid-tier EMS manufacturers to “make amazing things happen.” NEO Tech offers full product lifecycle engineering services, manufacturing and testing of microelectronics, cable & harness interconnect products, PCBA, full box build services and aftermarket repair and fulfillment services. The companies that form NEO Tech have been known for solving tough engineering problems that result in high-reliability, high-quality electronic solutions for customers.

Headquartered in Chatsworth, CA, NEO Tech has manufacturing and engineering locations in California, Colorado, Illinois, Massachusetts, Nevada, Ohio, Tennessee, Mexico, and China. NEO Tech holds and maintains industry specific certifications that include ISO9001, AS9100, ISO13485, ISO/TS16949, ISO14001 and MIL-PRF-38534. To learn more, visit www.NEOTech.com.
