NEO Tech's Repair & Refurbishment Services Win Industry Technology Award at SMTA Guadalajara

CHATSWORTH, CA – December 4, 2018 – NEO Tech announces that it was awarded a 2018 Mexico Technology Award during the SMTA Guadalajara Expo & Tech Forum in the category of Medical Device Repair and Refurbishment. The Mexico Technology Awards recognize the best new innovations in the electronics manufacturing industry in Mexico.

A leading provider of manufacturing technology and supply chain solutions for brand name OEMs in the industrial, medical and mil/aero markets, NEO Tech features a tailored repair depot service offering for customers. The company provides these customers with a wide range of aftermarket warranty and non-warranty services including repair, replacement, and refurbishment.

NEO Tech's Otay Mesa site in Tijuana Mexico is one of its medical Center of Excellence (COE) locations. The company has a dedicated repair facility within the COE. The main purpose of the COE is a concentration of expertise by subject matter, providing medical OEMs with a service location that fully understands the quality, reliability and regulatory needs of the medical industry. Tijuana and the northern Baja region are particularly well suited for supporting the medical industry. There is a high concentration of medical OEMs and many mission-critical suppliers in the local area with deep experience building products for the medical industry, creating a very effective medical ecosystem.

NEO Tech's Emilio Ramirez, Vice President of Engineering, receives the technology award during SMTA Expo

NEO Tech has worked with numerous major global medical OEMs for more than 20 years, providing a wide breadth of service solutions, including engineering and NPI services, PCBA, microelectronics assembly, box assembly and post-sales repair and refurbishment services. Providing multifaceted

###

About NEO Tech

NEO Tech combines the strengths of three leading contract manufacturers: NATEL, EPIC, and OnCore. With over 40 years of heritage in electronics manufacturing, NEO Tech focuses on low-medium-volume/high-mix, high-complexity products primarily in the medical, defense/aerospace and industrial markets.

NEO Tech is favorably positioned among mid-tier EMS manufacturers to “make amazing things happen.” NEO Tech offers full product lifecycle engineering services, manufacturing and testing of microelectronics, cable & harness interconnect products, PCBA, full box build services and aftermarket repair and fulfillment services. The companies that form NEO Tech have been known for solving tough engineering problems that result in high-reliability, high-quality electronic solutions for customers.

Headquartered in Chatsworth, CA, NEO Tech has manufacturing and engineering locations in California, Colorado, Illinois, Massachusetts, Nevada, Ohio, Mexico, and China. NEO Tech holds and maintains industry specific certifications that include ISO9001, AS9100, ISO13485, ISO14001 and MIL-PRF-38534. To learn more, visit www.NEOTech.com.
