## Nordson DAGE to Show the Ultimate Flexible X-ray System – the Quadra™ 5

• Meet with the inspection team in Booth #606 at SMTA International

Aylesbury, Buckinghamshire, UK — August 2016 — <u>Nordson DAGE</u>, a division of Nordson Corporation (NASDAQ: NDSN), will exhibit in Booth #606 at SMTA International, scheduled to take place September 27-28, 2016 at the Donald Stephens Convention Center in Rosemont, IL. The leader in X-ray inspection for electronics, Nordson DAGE will showcase the Quadra<sup>™</sup> 5 – the ultimate flexible X-ray inspection solution designed specifically for the electronics market.

The <u>Quadra<sup>™</sup> 5</u>, with industry-leading core technology, offers high performance and ease of use for 2D and 3D X-ray applications. 0.35µm feature recognition up to 10 W of power, makes the Quadra 5 the leading choice for printed circuit board and semiconductor package inspection.

The Quadra<sup>™</sup> 5 features the new Nordson DAGE

Aspire FP<sup>™</sup> 3 MP detector @ 25fps with 50µm pixel pitch, total magnification of 45,000 X, 70° Oblique Views Without Loss of Magnification and AχiS - Active X-ray Image Stabilization.

With its in-house, proprietary QuadraNT<sup>™</sup> tube, Gensys<sup>™</sup> inspection software and QuadraGen<sup>™</sup> power supply, Nordson DAGE introduces the future of X-ray image resolution, reliability, performance and throughput with the new Quadra<sup>™</sup> Series.

## About Nordson DAGE

Headquartered in Aylesbury, UK, Nordson DAGE is a unit of the <u>Nordson Corporation</u> and manufactures and supports a complete range of award winning <u>digital X-ray inspection systems</u>

and <u>bond test equipment</u> for the printed circuit board assembly and semiconductor industries. For more information, visit <u>www.nordsondage.com</u>.

## About Nordson Corporation

Nordson Corporation engineers, manufactures and markets differentiated products and systems used for the precision dispensing and processing of <u>adhesives</u>, <u>coatings</u>, polymers and <u>plastics</u>, <u>sealants</u>, <u>biomaterials</u> and other materials and for <u>fluid management</u>, <u>test and inspection</u>, <u>UV</u> <u>curing</u> and <u>plasma surface treatment</u>, all supported by application expertise and direct global sales and service. Nordson serves a wide variety of consumer non-durable, durable and technology end markets including packaging, nonwovens, electronics, medical, appliances, energy, transportation, construction, and general product assembly and finishing. Founded in 1954 and headquartered in Westlake, Ohio, the company has operations and support offices in more than 30 countries.
