Nordson YESTECH
2747 Loker Ave. West
Carlsbad, CA 92010-6603

Meet with the Nordson YESTECH Team in Booth #606 at SMTAI for a Demonstration on the FX-940 ULTRA 3D AOI with High Powered Inspection

Carlsbad, CA, USA – August 2016 – Nordson YESTECH, a subsidiary of Nordson Corporation (NASDAQ: NDSN) and a leading supplier of automated optical and conformal coat inspection systems for the electronics industry, will exhibit in Booth #606 at SMTA International, scheduled to take place September 27-28, 2016 at the Donald Stephens Convention Center in Rosemont, IL. The YESTECH team will demonstrate the FX-940 ULTRA 3D AOI with cutting-edge 3D technology for the inspection of solder defects, lead defects/lifted leads, component presence and co-planarity of chips, BGAs and other height sensitive devices.

With its Advanced Fusion Lighting and comprehensive inspection tools including angled cameras, full-color digital image processing and both image and rule-based algorithms, the FX-940 ULTRA offers complete inspection coverage with unsurpassed 2D and 3D defect detection. The FX-940 ULTRA provides high-powered inspection with:

- 12 MP / 5 axis 3D NYTVISION Technology
- Complete 2D + 3D inspection capabilities
- One top-down and four side-viewing cameras
- Automatic programming tools: < 30 minutes
- High defect coverage / low false failures
- SPC data collection & reporting

About Nordson YESTECH

Headquartered in Carlsbad, California, Nordson YESTECH is a leading provider of [automated optical](#) inspection systems with integrated yield enhancement solutions for the [printed circuit](#) board assembly and advanced [semiconductor-packaging](#) industries, Nordson YESTECH is operated and managed by a team of industry experts with a history of success, bringing powerful and cost-effective inspection to the electronics market. The company has sales offices and customer support centers in North America, Asia and Europe. For more information on Nordson YESTECH and its products, visit www.nordsonyestech.com.

About Nordson Corporation

Nordson Corporation engineers, manufactures and markets differentiated products and systems used for the [precision dispensing](#) and processing of [adhesives](#), [coatings](#), polymers and [plastics](#), [sealants](#), [biomaterials](#) and other materials and for [fluid management](#), [test and inspection](#), [UV curing](#) and [plasma surface treatment](#), all supported by application expertise and direct global sales and service. Nordson serves a wide variety of consumer non-durable, durable and
