FOR IMMEDIATE RELEASE

PVA's Jon Urquhart to Present on Modern Conformal Coating

Cohoes, NY – May 2018 – Global manufacturer and supplier of conformal coating and precision dispensing systems, PVA (Precision Valve & Automation, Inc.), will be presenting at the SMTA Carolinas Chapter Infosession: Protecting Electronic Assemblies in Mooresville, North Carolina on June 7, 2018 hosted by General Microcircuits. PVA's Director of Applications Engineering, Jon Urquhart, will be delivering the presentation covering the evolution of the conformal coating process.

Jon Urquhart has been PVA's senior application engineer since 1993. He specializes in the processing of fluid materials in a production environment and is utilized by material manufacturers and end users alike to optimize their process and recommend efficient automated equipment and application solutions. "Jon currently holds numerous patents for spray valve designs and coating machine configurations and is a renowned expert in the selective application of conformal coating materials with over 20 years of applicable experience." Says Frank Hart, PVA's Global Sales and Marketing Manager.

The Infosession will be held at 1133 North Main Street, Mooresville, NC 28115 at GMI Manufacturing. Registration opens at 5:30PM. For more information and to pre-register for this event visit:

###

About PVA

PVA is a global supplier of conformal coating systems, innovative fluid dispensing solutions and precision valve technology. PVA's customer driven solutions are utilized worldwide in industries ranging from solar, semiconductor packaging, printed circuit board assembly, medical device manufacturing, and consumer electronics. Throughout the changing global manufacturing landscape, PVA remains committed to providing our customers with exceptional products and industry-leading global support.
