FOR IMMEDIATE RELEASE

Pegmatis to Exhibit in TU-Automotive Detroit 2020 Virtual Tradeshow

BURLINGTON, ON — August 2020 — Pegmatis, an elite design center, will exhibit at TU-Automotive Detroit 2020, scheduled to take place Aug. 18-20, 2020. The event will be entirely virtual, live, and OnDemand. Informa Tech Automotive Group is hosting the Summer Festival of Automotive: a season of automotive digital insight, from Webinars to Whitepapers, Intelligence Reports to Interviews.

Pegmatis will discuss its complete end-to-end hardware and software design and development. The company merges these two distinct technology streams to seamlessly roll out to production.

Pegmatis specializes in the development of connected/IoT products and their associated ecosystem of software assets such as manufacturing test infrastructure, manufacturing and post-manufacturing device-provisioning, mobile, web, or desktop applications, and cloud-based infrastructures. The company's software development staff works hand-in-hand with its hardware designers, trusted suppliers and partners, and together, they keep abreast of the latest technological advancements.

A solution provider, Pegmatis manages every aspect of design and development from concept through manufacturing and ensures that projects not only meet the technical specifications but also align with their clients' strategic objectives and timelines. A true "one-stop-shop", the company specializes in challenging, complex projects and emerging technologies.

Supported by an incredible engineering team with more than 300 years of accumulated experience including an engineering bench that has worked as a team for decades, Pegmatis offers world-class product design, engineering, and consulting.

Pegmatis capitalizes on experience and technology to engineer a better future. For more information, visit www.pegmatis.com.

###

About Pegmatis

Pegmatis began as a Fortune 500 company's elite design center working with its top-tier customers from design ideation, cost-driven design architecture up to launching scores of high-volume products into the market. Chances are you have used or worked with a product that we have designed. We have developed high-tech products like mobile smart-phones and connected streaming devices, to ultra-high-end audio and medical products. As of 2016, Pegmatis has been operating under its own banner and has continued to provide high fidelity design and manufacturing services to customers, leveraging our network for mass production. Same Dream Team but add an elite software team and you have Pegmatis. Truly a complete end-to-end design partner in hardware, software, or both.
