FOR IMMEDIATE RELEASE

Specialized Coating Services Hosts Successful Open House for New Billerica Facility

May 2018 (Billerica, MA) – Specialized Coating Services, the industry leader in contract services of conformal coating, today announced the success of the ribbon cutting and open house of their new Billerica, MA office. In attendance was the industry press, many customers (including PVA, Chase/Humiseal from New York, and Krayden all the way from California), and even local Billerica government officials.

The open house kicked off with an official ribbon cutting ceremony and opening speeches. Then a tour was given to show the new facility. After a press lunch, the group then moved to Specialized Coating Service's new neighbor BTU for another tour.

"We are excited about the opportunities our new state-of-the-art facility will create for our customers and for Specialized Coating Services," commented Rick Ramirez, President & Co-Founder of Specialized Coating Services, in his opening remarks. "We started SpecCoat in a garage twenty two years ago. We have been continually growing and learning ever since by focusing on quality and listening to our customers. For years now, we have been serving a national and international customer base. This new Massachusetts facility will help us bring a new, higher level conformal coating services to the entire east coast. We want to express our deepest gratitude and say thanks to everyone who has supported us in this journey, to all of you who have come out today to help us celebrate this grand opening, and to the city of Billerica, the Commonwealth of Massachusetts, and our new neighbors for the warm welcome we have received."

Specialized Coating Services is the industry leader in contract services of conformal coating, encapsulating (potting), sub-assembly, and ruggedization of PCBs used in aerospace, automotive, commercial electronics, energy, medical, military, retail, and space applications. Our conformal coating materials include the latest in urethane, silicone, acrylic, epoxy, parylene, and nano technologies

About Specialized Coating Services

Specialized Coating Services was founded in 1996 in a garage northeast of Silicon Valley by Rick Ramirez and Kim Atkins. From the beginning, the company was laser focused on the needs of the customer, and that has helped transform Specialized Coating Services into a dynamic, multifaceted conformal coating solutions provider, which now employs over 100 skilled personnel in a 25,000 sq ft state-of-the-art facility in Fremont, CA. Specialized Coating Services has a newly opened second facility in Billerica, MA.
