FOR IMMEDIATE RELEASE

Super PCB Celebrates 15-Year Milestone

PLANO, TX — November 2018 — [Super PCB](http://www.superpcb.com), a single source for high-quality printed circuit boards (PCBs), is pleased to announce the company's 15th anniversary. Since 2003, the company has been providing the best value in the PCB industry by offering competitive pricing at the highest quality and best-in-class customer support. Super PCB's mission has been and remains to be the only PCB source that its customers ever need.

Finding a good PCB source can be a daunting task, especially when you go overseas. The Super PCB team's expertise helps you find the best match for your PCB needs. Quality control is the toughest task when you outsource your manufacturing. Super PCB finds the best price while keeping the highest quality standard. The company offers high mix-low volume, low mix-high volume and is proud to offer 24-hour turns on request.

Super PCB serves telecom and Wireless, Transportation, Industrial, Medical, Lighting, Consumer Electronics, Energy and IOT industries. Product offerings include:

- [Rigid PCB](#)
- [Flex PCB](#)
- [Rigid-Flex PCB](#)
- [Metal Based PCB](#)
- [Ceramic PCB](#)
- [RF PCB](#)
- [HDI PCB](#)
- [Stencil](#)

Super PCB offers USA manufacturing to support fast-turn and ITAR requirements, as well as overseas manufacturing facilities to support you prototype and mass production to lower costs. The company's manufacturing facilities are ISO 9001 certified and UL listed. Super PCB's state-of-art equipment and technology ensures the highest quality and efficiency.

###
