Super PCB Announces New Rep in New York

PLANO, TX — May 2019 — [Super PCB](http://www.superpcb.com), a single source for high-quality printed circuit boards (PCBs), is pleased to announce the appointment of a new rep, Harmon and Sullivan Associates Inc., to cover the New York area.

Harmon and Sullivan Associates has been providing quality independent representation in Upstate New York since 1987. The company's experienced sales staff supports customers with superior service and quality products from a group of manufacturers that are leaders in their respective industries.

Super PCB provides both PCB prototypes and PCB production. The company offers USA manufacturing to support ITAR requirements and offers overseas manufacturing for low cost mass production. Super PCB's manufacturing facilities are RoHS compliant, ISO 9001 and TS16949 certified, and UL listed. Super PCB's state-of-art facilities and technology ensures the highest quality and efficiency.

Super PCB serves the telecom and wireless, transportation, industrial, medical, lighting, consumer electronics, energy and IOT industries. The company offers five-star customer service, superior quality, competitive prices and on-time delivery.

For more information on Harmon and Sullivan Associates, please visit www.has-sales.com.
