### **WKK Awarded Best Asian Distributor**

**HONG KONG — October 2018** — WKK Distribution Ltd., the leading supplier of industrial machinery and materials in Asia, announces that it was awarded a 2018 Global Technology Award in the category of Best Distributor – Asia. The award was presented to the company during a Tuesday, Oct. 16, 2018 ceremony that took place during SMTA International.

As the group's activities continue to grow, so does its involvement and expertise in dealing with all parts of the world. WKK has been one of the foremost pioneers in supplying capital equipment,

In 1989, WKK spun off from Wong's Industrial (Holdings) Ltd. and itself became a public listed company. To ensure easy communication and good relationships with its internationally-based business partners and customers, today WKK has offices in The United States, The People's Republic of China, Taiwan, Japan, Thailand, Singapore, Malaysia and Vietnam. Having evolved from a distributor into a broad-based global company, WKK is poised to continue its growth worldwide.

Premiering in 2005, the Global Technology Awards program is an annual celebration of product excellence in electronics surface mount assembly. Premier products based on the finest examples of creative advancement in technology are chosen by a distinguished panel of industry experts. For more information, visit [www.globalsmt.net/awards](http://www.globalsmt.net/awards).

#### **About WKK Distribution Ltd.**

WKK was established in 1975 as a trading and distribution company supplying capital equipment, materials and services to the printed circuit board (PCB) industry throughout Asia. The company was a natural extension of the business founded by Mr. Wong Wha San, who in 1962, set up a PCB factory. When the business of the factory grew rapidly in 1975, WKK was created as the trading and distribution arm.

As the Group's activities continued to grow, so did its involvement and expertise in dealing with all parts of the world. WKK has been one of the foremost pioneers in supplying capital equipment, materials and services for the electronics industry in China for over 30 years.
