ZESTRON Academy to Co-host FREE Reliability of Circuit Assemblies Workshops

Manassas, VA – April 10, 2019 [ZESTRON](#), the global leading provider of high precision cleaning products, services, and training solutions in the electronics manufacturing and semiconductor industries, is pleased to announce that it will co-host the Reliability of Circuit Assemblies Workshops which will begin touring in May 2019.

The workshops will feature experts from across a broad range of the circuit assemblies ecosystem discussing topics including; cleaning, conformal coating, soldering materials, failure analysis, new IPC cleanliness testing standards, and more. Speakers will include industry thought leaders from Aqueous Technologies, ZESTRON, Foresite, Specialty Coating Systems, Nordson Asymtek and FCT Solder.

The Reliability of Circuit Assemblies Workshops will be held in Rockville, MD (May 21); Raleigh, NC (May 23); Melbourne, FL (June 25); and Tampa, FL (June 27). Each event will include time for attendees to network with peers. Breakfast and lunch will be provided.

For more information or to register for any of the workshops visit us at reliabilityworkshop.com.

About ZESTRON:

ZESTRON is headquartered in Manassas, Virginia and operates in more than 35 countries. With eight technical centers worldwide and the industry's most knowledgeable team of engineers focused on high precision cleaning, ZESTRON's commitment to ensuring that its customers surpass even the most stringent cleaning requirements is without equal.
