

Bowman Hosts International XRF Event

November 14, 2017. Schaumburg, IL. Bowman, a global manufacturer of XRF coating measurement instruments, held its 2017 International Sales Meeting in Chicago October 30 and 31, 2017.

30 XRF coating measurement distributors from 15 countries attended the meeting, which provided an opportunity for Bowman's XRF industry partners who serve both the printed circuit and general metal finishing industries to share ideas, discuss new technology developments, review best practices and celebrate the year's many high-profile successes.

Zach Dismukes

Arthur He

DM Musale

The culmination of the fast-paced 2-day meeting was an awards dinner where 2017 sales achievements were recognized. Recipients of Outstanding Achievement "Million Dollar" Sales Awards were Zach

Dismukes, Bowman NA Sales Manager; Arthur He, Applied Scientific Instruments Co., Shanghai, China; and DM Musale, Quantum Equipment Co. Pvt. Ltd., Mumbai, India.

Receiving \$250,000 Sales Awards were CMI Korea, Seoul Korea; and Bowman Italia S.r.l., Novi Ligure, Italy.

According to Bowman founder and President Tom Leone, the meeting was "a great success, with valuable participation by distributor partners, and excellent technical sessions."

Bowman also recognized two of its presenters with awards for their contributions. Richard DePoto, Manager of Business Development at Uyemura USA, (Southington, CT) presented two talks. The first was an exploration of the IPC 4552 Rev. A ENIG Specification. The second was titled "*White Bronze*" *Tri Metal: Expanding Applications and New Developments in a Changing Landscape*. Frank Ferrandino, President of Calmetrics, Inc., (Ronkonkoma, NY) delivered a talk on standards and certification.

Bowman manufactures a comprehensive line of precision XRF coating measurement instruments and is distinct in that its systems guarantee compliance with the critical new standard, IPC 4552-A. All Bowman systems are manufactured in the USA. Bowman • 1125 Remington Rd., Schaumburg, Illinois 60173 • (847) 781-3523 • sales@bowmanxrf.com
