

## **JILL SCADDEN JOINS ADVANCED CIRCUITS™ AS BUSINESS DEVELOPMENT MANAGER**

**FOR IMMEDIATE RELEASE – JUNE 29, 2017**

AURORA, CO – Advanced Circuits™, North America's third largest printed circuit board (PCB) manufacturer, welcomes Jill Scadden in the role of Business Development Manager. She will be responsible for discovering new business opportunities and enhancing Advanced Circuits™ offerings by working closely with customers and prospects to create customized solutions for their unique PCB fabrication needs.

"Jill's extensive industry knowledge and her driven attitude will amplify Advanced Circuits™ continued efforts to exceed customers' highest expectations for quality, reliability, and outstanding service," said John Yacoub, President and CEO of Advanced Circuits™.

Scadden has an impressive background in PCB manufacturing, engineering, and sales with over 20 years of experience in the industry; and she is currently on the Board of Directors of the Surface Mount Technology Association (SMTA) Rocky Mountain Chapter, where she works with the organization to help advance the electronic engineering and manufacturing industry.

### **About Advanced Circuits™**

Since 1989, Advanced Circuits™ has been the leading printed circuit board manufacturer specializing in both prototype and production quantities; offering true one-stop convenience and assured quality with in-house fabrication and prototype assembly services under one roof. Advanced Circuits™ PCB solutions range from the simplest designs to the most rigorous requirements for the medical, commercial, defense, and aerospace marketplace. The company is MIL-PRF-31032, MIL-PRF-55110, AS9100, ISO 9001 Certified, IPC 6012 3/3A, IPC 6018 Class 3 Qualified, and ITAR Registered as well as being DOD contracts ready. The manufacturer is well known for its expedited turn-time capabilities including Same Day and Weekend turns and its industry best on-time shipping record. An innovator in PCB services, Advanced Circuits™ offers free design for manufacturability (DFM) checks at FreeDFM.com and its popular free PCB layout software PCB Artist™ at PCBArtist.com. For more information, visit 4PCB.com or call 1-800-979-4PCB (4722).
