Absolute EMS, Inc. Receives Two Awards for Contract Services and Most Improved Smart Factory

SANTA CLARA, CA — November 2021 — Absolute EMS, Inc., a leading provider of turnkey and consignment manufacturing services, received TWO 2021 GLOBAL Technology Awards in the categories of Contract Services \$15-25 million and Most Improved Smart Factory. The awards were announced during a ceremony that took place Tuesday, Nov. 16, 2021 during productronica in Munich, Germany.

Absolute EMS COO Doug Dow commented about the award: “On behalf of all of us at Absolute EMS, we are deeply humbled and honored to receive these awards. We have worked diligently over the last 2.5 years to bring a unique 4.0 EMS offering to Silicon Valley. Every piece of equipment within our walls is not only new, but the best the industry has to offer. The miniaturization, flexibility, traceability and ability to scale are several years ahead of the current industry demands. Above all, we appreciate the support and recognition!”

Absolute EMS, located in the heart of Silicon Valley, is a leader in offering manufacturing services in a state-of-the-art, high-technology EMS facility. Founded in 1996, the company originally serviced the medical industry, thus its focus on controlled manufacturing that is scalable and repeatable. Since its inception, Absolute EMS has broadened its verticals to include medical, military, industrial, networking and engineering.

The company has been in business for 25 years, delivering flexible state-of-the-art, low-cost solutions. Absolute EMS provides turnkey and consignment manufacturing services to medical, aerospace/defense, industrial/semiconductor, and electronic engineering firms who need precision manufacturing capability.

Absolute EMS' production capacity ranges from limited runs to large scale tier 1 production, with consistently high-quality results. The team helps to safeguard your valuable IP, ensuring IP protection to United States standards throughout the manufacturing process; prototype thru delivery.

The GLOBAL Technology Awards have recognized the very best new innovations in the printed circuit assembly and packaging industries since 2005. The prestigious awards contest has been bringing together the global SMT and advanced packaging industry in a celebration of the companies and people that are achieving the highest standards and driving our industry forward.
