## News Release

### **FOR IMMEDIATE RELEASE**

## **BTU International Partners with SMarTsol to Showcase Locally Built Pyramax Reflow Oven at SMTA Guadalajara Expo**

NORTH BILLERICA, Mass., September 2023 — BTU International, Inc., a leading supplier of advanced thermal processing equipment for the electronics manufacturing market, is joining forces with SMarTsol Technologies at the upcoming SMTA Guadalajara Expo, scheduled to take place Oct. 25-26, 2023 at the Expo Guadalajara in Guadalajara in Jalisco, Mexico. The spotlight of the event will be the locally built Pyramax 125 Air model, representing the recently announced reflow oven manufacturing capabilities available now in Mexico.

### **Local Manufacturing Strength Meets North American Demand**

BTU International's decision to manufacture the Pyramax 125 Air reflow oven in Mexico underscores the company's unwavering commitment to meeting the needs of its North American customers. This strategic move leverages Mexico's robust manufacturing infrastructure and skilled workforce, reinforcing BTU International's dedication to delivering cutting-edge thermal processing solutions efficiently and effectively.

### **Pyramax 125 Air Model: Excellence in Thermal Processing**

The Pyramax 125 Air model stands as a prime example of BTU International's dedication to innovation and excellence. Built with precision and care in Mexico, this model represents the pinnacle of thermal processing technology. It offers a host

of advanced features including closed-loop convection control and the Wincon 8 oven control system, ensuring superior performance and reliability in a compact footprint.

"Our commitment to local manufacturing is not only a testament to our confidence in the Mexican manufacturing industry but also a demonstration of our dedication to serving our valued North American customers," said Rob DiMatteo, General Manager, at BTU International. "We invite attendees to see this locally built Pyramax reflow oven at the SMarTsol booth in Guadalajara," added DiMatteo.

Don't miss the opportunity to explore the locally built Pyramax 125 Air model and learn more about BTU International's commitment to meeting North American demands with excellence.

### **About BTU International**

BTU International, a wholly-owned subsidiary of Amtech Group (Nasdaq: ASYS), is a global supplier and technology leader of advanced thermal processing equipment in the electronics manufacturing market. BTU's high-performance reflow ovens are used in the production of SMT printed circuit board assemblies and in semiconductor packaging processes. BTU also specializes in precision controlled, high-temperature belt furnaces for a wide range of custom applications, such as brazing, direct bond copper (DBC), diffusion, and sintering. BTU has operations in North Billerica, Massachusetts, and Shanghai, China, with direct sales and service in the U.S.A., Asia and Europe. Information about BTU International is available at [www.btu.com](http://www.btu.com).
