## *KYZEN to Focus on AQUANOX A4618 at SMTA Wisconsin Expo & Tech Forum*

**NASHVILLE — April 2024 —** KYZEN, the global leader in innovative environmentally friendly cleaning chemistries, will exhibit at the SMTA Wisconsin Expo & Tech Forum, scheduled to take place Tuesday, May 7, 2024 at the Four Points by Sheraton, Milwaukee Airport in Milwaukee, WI. The KYZEN clean team will highlight AQUANOX A4618 during the event.

KYZEN's line of AQUANOX concentrated aqueous cleaning chemistries are specially formulated for a variety of processes and challenges associated with cleaning circuit boards and PCBs.

[AQUANOX A4618](#) is a groundbreaking and versatile aqueous cleaning chemistry designed to address the challenges of cleaning contemporary lead-free flux residues while achieving exceptional, mirrored solder finishes.

AQUANOX A4618 is formulated with outstanding materials compatibility to effectively clean all flux types, is easy to use and boasts a long tank life in addition to high efficacy at lower concentrations and temperatures.

For more than 30 years, KYZEN has developed innovative chemistries that go hand-in-hand with unique cleaning processes. KYZEN solutions like AQUANOX A4618 meet cleaning challenges to bring efficiency and alleviate worries in your process.

### **About KYZEN**

KYZEN is a global leader in providing environmentally responsible, RoHS compliant precision cleaning chemistries for industries ranging from electronics and advanced packaging to metal finishing and aerospace applications. Since its founding in 1990, KYZEN's innovative cleaning technologies, scientific expertise and customer support have been repeatedly recognized with the industry's most prestigious awards.
