JBC Tip Cleaners - Precision Cleaning Solutions from Murray Percival Co

AUBURN HILLS, MI – June 2024 – The Murray Percival Company, a leader in providing innovative solutions to the electronics manufacturing industry, proudly presents the JBC Tip Cleaners, a definitive solution for optimizing the soldering process.

The JBC Tip Cleaners, including the CLMU Universal Tip Cleaner, are designed to enhance soldering quality by cleaning tips in just one second, improving heat transfer capacity crucial for high-quality soldering results. They also boast features such as fine bristle metal brushes for intensive cleaning, two operational modes for versatility, and PC connectivity for advanced traceability.

This offering exemplifies Murray Percival’s commitment to providing solutions that address the specific needs of their customers, enhancing their operational efficiency and product quality.
