Pegmatis provides new product development consulting services for inventors

BURLINGTON, ON — May 2021 — Pegmatis, a design and development firm, excels at offering consulting services for innovators and entrepreneurs for their new product ideas. The company's seasoned and multi-disciplinary team of professionals will perform due diligence and assessments on behalf of investors or inventors looking for viability assessments.

There is more to launching a successful project than the technical design. Pegmatis will perform an unbiased review of an organization's development and design structure: from skills to tools and processes. The team will highlight any gaps and propose solutions.

Pegmatis' focus on the hardware, software and manufacturing aspects of bringing a product to market also is valuable to customers looking for a product refresh. The Pegmatis proven design approach comes from many years of experience launching high-quality, integrated products into mass production with Fortune 1000 organizations.

Supported by an incredible team with more than 300 years of collective hardware and software experience and a bench that has worked as a team for decades, Pegmatis offers world-class product design, development and consulting.

Pegmatis capitalizes on experience and technology to build a better future. For more information, visit www.pegmatis.com.

About Pegmatis

Pegmatis began as a Fortune 500 company's elite design center working with its top-tier customers from design ideation, cost-driven design architecture up to launching scores of high-volume products into the market. Chances are you have used or worked with a product that we have designed. We have developed high-tech products like mobile smartphones and connected streaming devices to ultra-high-end audio and medical products. As of 2016, Pegmatis has been operating under its own banner and has continued to provide high fidelity design and manufacturing services to customers, leveraging our mass production network. Same Dream Team, but add an elite software team, and you have Pegmatis. Truly a complete end-to-end design partner in hardware, software, or both.
