## Q Source: Your Premier Destination for ACL Staticide Static Control Products

**BOHEMIA NY — March 2024** — Q Source is proud to offer an extensive selection of ACL Staticide® products designed to address all static control needs. As a leading distributor of ACL Staticide since 2003, Q Source is committed to providing customers with reliable solutions that enhance workplace safety and productivity.

ACL Staticide is synonymous with dependable static control solutions at affordable prices, and Q Source is the one-stop destination for a comprehensive range of ACL products. Whatever is needed, from [anti-static cleaners](#), [conformal coatings](#), and [anti-static wipes and solutions](#), to [ESD hand lotion](#), Q Source has it covered. Additionally, the company's inventory includes static dissipative products such as [paint](#), [mats](#), [wastepaper baskets](#), [finger cots](#), [tray liners](#) and antistatic [trash can liners](#), ensuring that users have everything needed to maintain a static-free environment.

One of the most sought-after ACL products at Q Source is the [ESD table mats](#). Available in rubber or vinyl, these mats are specially designed for use on tables and other grounded workbench surfaces. Manufactured to conform to the most stringent ESD and lead-free requirements, these high-quality mats come in a variety of colors, sizes, and series to suit specific needs. ACL's latest ESD mat offering includes the [Supreme Mat](#) which withstands repeated high heat applications.

ACL has been a leader in anti-static products and static measurement instruments since 1969, consistently developing innovative solutions to eliminate static in commercial and industrial manufacturing. Committed to compliance with domestic and international standards such as IEC 61340-5-1 and ANSI/ESD S20.20, ACL ensures that its products meet the highest quality and performance standards.

Moreover, ACL supports the objectives of RoHS and REACH by producing safe and eco-friendly products that protect human health and the environment. This dedication to quality and sustainability has established ACL as a global leader in the static control industry.
