FOR IMMEDIATE RELEASE

## SMTXTRA Appoints MaRC Technologies as Representative for the Pacific Northwest

**Doncaster, United Kingdom — April 2024 —** SMTXTRA, a renowned leader in Surface Mount Technology (SMT) equipment services, is pleased to announce the appointment of MaRC Technologies as its representative for the Pacific Northwest region of the United States.

Led by Mike Gunderson, MaRC Technologies specializes in supplying tools and supplies for the electronics manufacturing and high-tech industry, serving customers across the entire United States.

With a focus on sales and service, the experienced team at MaRC Technologies is dedicated to providing exceptional support to customers in the Pacific Northwest. Their expertise and commitment to customer satisfaction make them an ideal partner for representing SMTXTRA's comprehensive range of products and services.

"We are excited to represent SMTXTRA and bring their industry-leading solutions to our customers," said Mike Gunderson, President of MaRC Technologies. "SMTXTRA is a trusted partner for electronics manufacturers, and we look forward to helping our customers benefit from their expertise."

Mike Gunderson and the team at MaRC Technologies offer SMTXTRA's range of SMT parts, equipment, and services to meet the needs of electronics manufacturers. With a focus on quality and reliability, SMTXTRA provides feeder repair and testing services backed by a substantial 3-month warranty, as well as calibration services for various SMT equipment brands. All SMT parts and equipment undergo rigorous quality checks by a dedicated team of SMT technicians, ensuring optimal performance and reliability.

MaRC Technologies can be contacted at (503) 723-0962 or visited online at [www.marctechnologies.com](http://www.marctechnologies.com) for more information about this partnership.
