FOR IMMEDIATE RELEASE

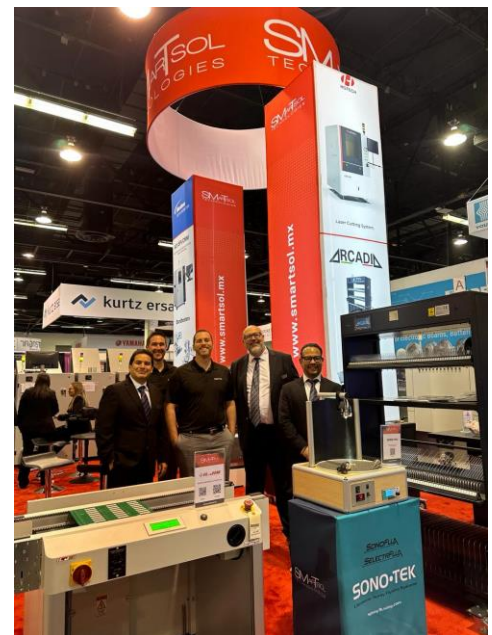

Sono-Tek Partners with SMarTsol Technologies to Expand Presence in Mexico

JALISCO, MEXICO — April 2024 — SMarTsol Technologies, the largest technical services and equipment provider for North and South America, to announce a new representative agreement with [Sono-Tek Corporation](#) (Nasdaq: SOTK) in Mexico. Sono-Tek is the global leader in liquid ultrasonic atomization technology.

Sono-Tek is the world leader in Ultrasonic Spray Fluxing for circuit board manufacturing as well as several other areas of advanced thin film coating technologies. Unlike conventional pressure spraying methods, Sono-Tek's ultrasonic nozzles offer numerous advantages, including resistance to clogging, reduced liquid usage, minimized waste, and decreased environmental impact. Moreover, Sono-Tek's technology enables the precise and uniform application of thin film coatings, catering to industries striving for enhanced efficiency and environmental sustainability.

“We are excited to offer Sono-Tek's precision ultrasonic coating solutions,” said Ivan Romo, CEO at SMarTsol Technologies. “The company's advanced technology helps customers increase efficiency, reduce costs and improve product quality.”

With a robust presence across North and South America, including direct personnel, distribution centers, and demonstration facilities strategically located in key cities such as Guadalajara, Cd. Juárez, Tijuana, Monterrey, Queretaro, and El Paso, TX, SMarTsol is uniquely positioned to provide fast response times and top-notch service. Additional support staff in Reynosa and Chihuahua further enhance the company's ability to meet the needs of its diverse clientele.
