FOR IMMEDIATE RELEASE

Southwest Systems Technology to Represent Thermaltronics USA, Inc. Solder Robots

DALLAS, TX — January 2021 — [Southwest Systems Technology, Inc.](http://www.swsystems.com), the leading manufacturing resource for the Southwest, is pleased to announce that it now represents Thermaltronics USA, Inc. in the states of Texas, Oklahoma, Arkansas and Louisiana. Thermaltronics is well-known for its award-winning robotic soldering systems.

Dee Claybrook, Founder of Southwest Systems Technology commented: “We only represent products and equipment we would buy if we were the customer, clearly Thermaltronics’ has superior technology in its soldering robot and their soldering irons are unparalleled in performance.”

Thermaltronics is a manufacturer and supplier of a wide range of soldering products and accessories used in the electronics manufacturing industry. Design and development is undertaken in the USA and Australia, with final production taking place in a customized manufacturing facility, incorporating specialized equipment and in accordance with recognized international standards of quality and compliance.

All Thermaltronics products are produced in accordance with ISO 9000 & ISO 14000 standards and meet either TUV, GS, CE or NRTL safety requirements. Strict quality control procedures are in place and product warranties are among the best in the industry. For more information, visit www.thermaltronics.com.
