KYZEN Featuring METALNOX Chemistries and KYZEN SLV901 at MEDevice Boston

NASHVILLE — Sept. 2025 — KYZEN, the global leader in innovative environmentally responsible cleaning chemistries, will exhibit at MEDevice Boston, scheduled to take place Sept. 30-Oct. 1, at the Thomas M. Menino Convention Center in Boston. KYZEN's cleaning experts will be available at Booth 221 to discuss KYZEN SLV901 and the METALNOX line of chemistries, including METALNOX M6093, for demanding medical cleaning applications.

KYZEN [METALNOX](#) products, including METALNOX M6093, along with KYZEN SLV901 solvent cleaners, enhance reliability and simplify the cleaning of a wide range of medical devices across diverse processes.

[KYZEN SLV901](#) is an engineered vapor degreasing solvent designed for multi-purpose applications including cleaning a variety of soils and contaminants from both metal substrates and electronic assemblies. SLV901 is a safe and non-flammable, azeotropic mixture that serves as a drop-in replacement for HFC and HFC solvents in vapor and/or immersion phases.

[METALNOX M6093](#) is a citric acid metal parts cleaning formulation designed to remove metal oxides, scale, rust, carbonaceous soils and other hard-to-remove industrial soils from metal parts in all immersion, spray, and manual brush applications. M6093 also provides safe passivation for stainless steel in addition to safely removing surface oxide film and tarnish colors from the surface of aluminum and copper. It is VOC free and compatible with most ferrous and cuprous metals, glass, ceramics, plastics, and rubber surfaces.

For more than 35 years, KYZEN has formulated and produced environmentally responsible cleaning chemistries for a wide range of applications across various industries including high-reliability medical device cleaning, visit www.kyzen.com.

About KYZEN

KYZEN is a global leader in providing environmentally responsible, RoHS compliant precision cleaning chemistries for industries ranging from electronics and advanced packaging to metal finishing and aerospace applications. Since its founding in 1990, KYZEN's innovative cleaning technologies, scientific expertise and customer support have been repeatedly recognized with the industry's most prestigious awards. For more information, visit www.kyzen.com.
