KYZEN's Beth Bivins Honored as MetalForming Magazine's 2025 Woman of Excellence

NASHVILLE — December 2025 — KYZEN, the global leader in innovative environmentally responsible cleaning chemistries, is excited to announce that Beth Bivins, who serves as Global Product Manager – Solvents, has been recognized as one of *MetalForming Magazine's* 2025 Women of Excellence in Metal Forming and Fabrication.

Bivins was presented a plaque in honor of her recognition by *MetalForming Magazine* Senior Editor Lou Kren during a meeting of the Tennessee chapter of the Precision Metalforming Association (PMA). Bivins was selected by the voting panel as one of 53 total honorees serving to inspire the next generation of women in the manufacturing workforce from hundreds of submissions from the U.S., Canada and Mexico.

"We are very proud to see Beth recognized with an honor like this," said Jayson Moy, KYZEN's Product Line Director, "Not only is she a much-respected leader of our team, but she is also a knowledgeable industry leader and a role model that women in and aspiring to join the manufacturing industry can very much look to for inspiration."

Bivins joined KYZEN in July 2023 as Global Key Account Manager – Solvents, bringing with her more than 35 years of experience across roles in aerospace, medical device, and electronics manufacturing industries and took on her current role in April 2025.

PMA began honoring women in manufacturing through its Women of Excellence (WoE) recognition program in 2016 to recognize the important presence of women in the manufacturing workplace and their contribution.

"Each of the women selected for this honor epitomize the dedication and commitment needed to move their companies forward," said Brad Kuvn, *MetalForming Magazine's* editorial director.

About KYZEN

KYZEN is a global leader in providing environmentally responsible, RoHS compliant precision cleaning chemistries for industries ranging from electronics and advanced packaging to metal finishing and aerospace applications. Since its founding in 1990, KYZEN's innovative cleaning technologies, scientific expertise and customer support have been repeatedly recognized with the industry's most prestigious awards.
