## *KYZEN's Award-Winning AQUANOX A4618 to Be Featured at SMTA Huntsville and Atlanta Expo & Tech Forums*

**NASHVILLE — April 2026 —** KYZEN, the global leader in innovative environmentally responsible cleaning chemistries, will exhibit at the SMTA Huntsville Expo & Tech Forum, scheduled to take place Tuesday, April 28 at the Jackson Center in Huntsville, AL, and the SMTA Atlanta Expo & Tech Forum, scheduled for Thursday, April 30 at the Gwinnett County Fairgrounds in Lawrenceville, GA. The KYZEN Clean Team will highlight award-winning cleaning chemistry AQUANOX A4618 during both events.

The AQUANOX line of aqueous cleaning chemistries, including AQUANOX A4618, from KYZEN are formulated to meet all manner of electronics cleaning challenges including the effective removal of solder flux residues in inline cleaning systems.

[AQUANOX A4618](#) is a groundbreaking aqueous cleaning chemistry designed to address the challenges of cleaning contemporary lead-free flux residues, including no-clean residues, while achieving immaculate, mirrored solder finishes. It is formulated to effectively clean all flux types and boasts a long tank life and outstanding materials compatibility in addition to high efficacy at lower concentrations and temperatures.

For 35 years, KYZEN has developed innovative chemistries like AQUANOX A4618, which fit seamlessly into a variety of electronics cleaning processes and provide effective cleaning performance.

### **About KYZEN**

KYZEN is a global leader in providing environmentally responsible, RoHS compliant precision cleaning chemistries for industries ranging from electronics and advanced packaging to metal finishing and aerospace applications. Since its founding in 1990, KYZEN's innovative cleaning technologies, scientific expertise and customer support have been repeatedly recognized with the industry's most prestigious awards.
