## Ventec Consolidates German Operations: Plants 1 & 2 in Kirchheimbolanden Merged into a Single Modernized Facility

Ventec Central Europe GmbH is pleased to announce the successful consolidation of its two manufacturing plants in Kirchheimbolanden, Germany, into a single, state-of-the-art facility. This strategic merger represents a major milestone in Ventec's ongoing commitment to operational excellence, sustainability, and customer satisfaction across Europe.

The newly unified site spans over 13,500 m<sup>2</sup> and has been comprehensively upgraded to optimize operations and enhance service delivery. The consolidation is designed to streamline production, improve delivery performance, and increase material availability for customers throughout the region.

### Key Highlights of the New Facility Include:

- **Expanded product storage** for key materials such as VT-901, VT-47, VT-481, and halogen-free series VT-441 and VT-447
- **New drilling and milling equipment** to increase production efficiency and precision
- **Fully refurbished office spaces**, offering a modern and collaborative working environment
- **Sustainable heating system**, heat pump powered by solar energy

*"Bringing our operations under one roof not only increases our manufacturing capacity and efficiency, but also aligns with our mission to provide exceptional local support and fast delivery times," commented Mark Goodwin, COO of Ventec. "This consolidation enables us to deliver even more value to our customers by simplifying their supply chains through our One-Stop-Shop model."*

Ventec's European customers will continue to benefit from a comprehensive portfolio of products, including copper-clad laminates, prepregs, ThinFlex FCCL, Taiyo solder mask products, Jinzhou drills and routers, as well as a complete range of backing, entry, and lamination support materials.

A carefully planned transition ensures there will be **no disruption to the supply chain** as operations shift entirely to the newly enhanced facility.

### New Official Address (Effective October 1, 2025):

**Ventec Central Europe GmbH**

Woogmorgen 12  
67292 Kirchheimbolanden  
Germany

### **Safe Harbor Statement**

This press release contains projections and other forward-looking statements regarding future events or our future financial performance. All statements other than present and historical facts and conditions contained in this release, including any statements regarding our future results of operations and financial positions, business strategy, plans and our objectives for future operations, are forward-looking statements. These statements are only predictions and reflect our current beliefs and expectations with respect to future events and are based on assumptions and subject to risk and uncertainties and subject to change at any time. We operate in a very competitive and rapidly changing environment. New risks emerge from time to time. Given these risks and uncertainties, you should not place undue reliance on these forward-looking statements. Actual events or results may differ materially from those contained in the projections or forward-looking statements. Some of the factors that could cause actual results to differ materially from the forward-looking statements contained herein include, without limitation: (i) the contraction or lack of growth of markets in which we compete and in which our products are sold (ii) unexpected increases in our expenses, including manufacturing expenses, (iii) our inability to adjust spending quickly enough to offset any

unexpected revenue shortfall, (iv) delays or cancellations in spending by our customers, (v) unexpected average selling price reductions, (vi) the significant fluctuation to which our quarterly revenue and operating results are subject, (vii) our inability to anticipate the future market demands and future needs of our customers, (viii) our inability to achieve new customer wins or for customer wins to result in shipments of our products at levels and in the timeframes we currently expect, (ix) our inability to execute on strategic alliances, (x) the impact of natural disasters on our sourcing operations and supply chain, and (xi) other factors detailed in documents we file from time to time with the Securities and Exchange Commission.
