ITW EAE appoints AMB Technic in Distributor for Vitronics Soltec Reflow Product in Poland

Lakeville, Minnesota, February xx, 2026 - ITW EAE is pleased to announce the appointment of AMB Technic as the authorized distributor of Vitronics Soltec reflow products for the Polish territory.

“We are delighted with the addition of AMB Technic as our partner for our reflow products in the Poland region,” said Frank van Erp, EMEA Sales Director for ITW EAE. “There is quite a large installed base to look after, so it was imperative to find a partner with adequate capabilities which I believe we have found in AMB, a young and ambitious company full of drive and energy”

“We are very happy and proud to join the ITW EAE distribution network!” added Krzysztof Bernaciak, Managing Director for AMB Technic. “Vitronics Soltec reflow products are a well-established and globally respected brand that customers can rely on. As an application-oriented company, we strongly believe we deliver even more tailored solutions Polish electronics manufacturers with the addition Vitronics Soltec reflow product line.”

AMB Technic, based in Koło, Greater Poland, is a family-owned company with more than 30 years of experience specializing in the delivery of manufacturing equipment and technologies across industries including automotive, aerospace, electronics, medical devices, cosmetics, and household appliances. The company’s approach emphasizes process optimization, cost reduction, and long-term technical support.
