Aven to Exhibit at Five SMTA Expos Across the U.S. This Spring

ANN ARBOR, MI — April 2026 — Aven Tools, a trusted provider of precision tools and inspection solutions, will exhibit at five upcoming SMTA Expos & Tech Forums this spring, connecting with engineers and manufacturers across key regional markets.

Aven will exhibit at the following events:

- **SMTA Atlanta Expo & Tech Forum** — April 30, 2026 | 9:00 AM – 4:00 PM (ET) | Lawrenceville, GA
- **SMTA Wisconsin (Milwaukee) Expo & Tech Forum** — May 5, 2026 | 8:30 AM – 3:00 PM (CT) | Milwaukee, WI
- **SMTA Upper Midwest (Minneapolis) Expo & Tech Forum** — May 12, 2026 | 8:30 AM – 4:00 PM (CT) | Minneapolis, MN
- **SMTA Capital Expo & Tech Forum** — May 14, 2026 | 8:00 AM – 2:30 PM (ET) | Linthicum Heights, MD
- **SMTA Oregon Expo & Tech Forum** — May 19, 2026 | 8:30 AM – 3:00 PM (PT) | Hillsboro, OR

At each stop, Aven will be demonstrating its **MicroVue™ 2.0 All-In-One Digital Microscope**, giving attendees a hands-on look at how it can be used for inspection, rework, and quality control.

Designed for applications such as PCB inspection, solder joint evaluation, and component analysis, MicroVue™ 2.0 delivers high-resolution imaging in a compact, all-in-one system. The 13.3-inch integrated HD monitor eliminates the need for external displays or eyepieces, helping reduce operator fatigue while simplifying the inspection process.

Additional features include a magnetic ring light with interchangeable 365nm UV lighting and sector control, allowing users to highlight defects, contamination, and surface details more clearly. The system also offers increased working distance, fine focus adjustment, and built-in software for image capture, measurement, and documentation.

Through its participation in these events, Aven supports the electronics manufacturing community with practical tools designed to improve visibility, consistency, and overall process control.
