## FOR IMMEDIATE RELEASE

### Hanwha Semitech Americas Appoints Process Automation & Tool to Represent Southeast U.S. Region

**CYPRESS, CALIFORNIA – April 2026** – Hanwha Semitech Americas is pleased to announce the appointment of Process Automation & Tool, LLC to serve customers across Georgia, Alabama, Mississippi, and Tennessee.

Through the partnership, Process Automation & Tool will provide local sales support and application guidance for Hanwha’s SMT placement systems and automation technologies, helping manufacturers in the region evaluate, implement, and optimize advanced production solutions.

“Strong local representation makes a real difference for our customers,” said Jarred Ragard, General Manager, U.S. and Canada, Hanwha Semitech Americas. “Process Automation & Tool brings deep process knowledge and a hands-on approach that aligns well with how we support our customers. We’re confident this partnership will enhance the level of service and technical guidance available throughout the Southeast.”

Founded in 1998, Process Automation & Tool, LLC represents a portfolio of best-in-class equipment across the SMT, electronics, automotive, and industrial assembly markets. The company is known for its strong regional coverage and customer-focused approach, supporting EMS providers, OEMs, and manufacturers in medical and military sectors.

With this appointment, Hanwha Semitech Americas continues to build a responsive and knowledgeable sales network focused on helping customers navigate increasingly complex manufacturing challenges while improving productivity and quality.
